BLOD SHOT EYE TRICKS

LOS ANGELES, Cal., Feb. 2.—Joseph H. Wilson played tricks with his bloodshot eyes, said to have been injured years ago in Canada, starting a bogus accident indemnity company, and showing his crafty eye. He alleged to have collected accident insurance policy for \$10,000. There is also another similar claim under the name of George A. Bates. He was arrested charged with obtaining money under false pretenses. He is president of the Los Angeles Building Association.

Wilson is alleged to have exploded a fire cracker on a street car last month of July, fell to the floor, losing his eye and when examined, physicians approved the accident claim. District Attorney Woodworth caused him to be taken to the county jail under Wilson, under the name of Bates two days later pretended to have been injured in the eye by a splinter while chopping wood, and again collected insurance.

BELGIAN AUTO-CANNONS ARE DEVISED FOR RAIDS

HAVRE, Feb. 2.—The Belgian army has lately undergone a complete make-over (and reorganization), followed by the retirement of all the generals commanding divisions, including even the brilliant General Bertrand, who is incapacitated by illness. These officers have been replaced by younger and more active men.

From officials connected with the Belgian government at Havre it is learned that the new army is divided into six divisions. Motor brigades have been dispensed with, and an cavalry can play no active role in the present trench warfare. Its officers and men are largely serving as infantry. A section of auto-cannons has been created in imitation of the Germans who use these mobile weapons in their surprise attacks on Furnes and Coxyde, being able to run in close to the enemy lines and escape unscathed, especially during the times of fog. As the Belgian cyclists have already established a record of daring in their assaults with the German lines, the auto-artillery is expected to give an equally good account of itself. Its commander is Major Colon, late military attaché at Paris.

WOMEN MAY BE PROSECUTED

WASHINGTON, Feb. 2.—The federal white slave act was interpreted by the Supreme Court today to authorize the prosecution of a woman involved as a conspirator with a man causing her transportation. Justice Holmes announcing the decision, intimated that a woman may also be indicted if she conspired to cause her transportation with the intent of blackmail.

Justice Lamer rendered a dissenting opinion in which Justice Day concurred. The dissenting justices contended a majority decision cut away the constitutional support from the law. Lawyers believe the decision will make prosecutions difficult.

VIENNA SAYS THEY HAVE HAD SUCCESS

VIENNA, Feb. 2.—Owing to favorable weather conditions there was much military activity yesterday in Russian Poland and West Galicia. Local successes were obtained at many points. Says the official report tonight: "New Russian attacks were of Laprow Pass in the Carpathians were repulsed. We captured 1500 of their 800 men and 150 machine guns in engagements on a wooded mountain ridge. 30000 of prisoners were secured at Bukovina and in the south are the situation was changed."

LEADS SUFFRAGISTS IN ALABAMA FIGHT

Mrs. Pattie Ruffner Jacobs, president of the Alabama Equal Suffrage association. Although she is the youngest state president in the suffrage ranks she has worked so zealously for the cause that the Alabama legislature is now considering seriously submitting an equal suffrage amendment to the people of the state.

SAGE TEA KEEPS YOUR HAIR DARK

It's Grandmother's recipe to bring back color, thickness and lustre—Everybody is using it again.

Gray hair, however handsome, does not advance age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it falls, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur will restore its appearance a hundred fold. Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Weyl's Sage and Sulphur Compound." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, draw this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, close, and lustrous, and you appear years younger.
